

Access guide in **DELSOL**

Access to Virtual Labs

In order for you to connect to the “DELSOL” application, you will initially have to access the Virtual Labs web portal of the Universidad Europea.

The link for this is the following:
<https://virtuallabs.universidadeuropea.es/en>

Entering credentials

Afterwards, the access portal to your personal account will appear.

When you get to this point, you will need to enter the credentials that the Universidad Europea provided you.

Typically, most accounts will look like this:

- XXXXfaculty (teachers)
- XXXXXXXXfaculty (students)

Bienvenido a la Universidad Europea. Aquí encontrarás todo lo que necesitas para disfrutar de tu experiencia universitaria.

Iniciar sesión

[Iniciar sesión mediante un certificado X.509](#)

Si tienes algún problema para acceder, utiliza la plataforma de modificación y recuperación de la contraseña

<https://password.europaeducationgroup.com/>
Recupera el acceso a tu cuenta, si has olvidado tu contraseña.

Si eres alumni, te invitamos a que visites nuestra web:
<https://alumni.universidadeuropea.com/>

Selection of Cic_NG_01

When this window appears, you will have to select the virtual machine “ADFS-Cic_NG_01”, that is, the one that corresponds to “Non-Graphic Cycles”.

This step will confirm that you want to access that machine.

If it does not appear, you will have to contact your manager, so that they can solve your incident in the shortest possible time.

Access to DELSOL

Once inside, all the applications that the “Non-Graphic Cycles” virtual machine has will appear.

To access “DELSOL”, all you have to do is click on the icon that is displayed.

Choose your app to get started

arduino

audacity

Brackets

DELSOL

Desktop

Docker

eclipse

notepad++

OBS Studio 64

Packet Tracer 7

PostgreSQL
pgAdmin4

POWERPOINT

PUBLISHER

python

Unity 2020

Visual Studio 2019

WORD

xampp-control

xMicoPyEditor

xNormal

Loading process

In the next step, you will need to wait a few moments for the application settings to load.

The waiting time may vary depending on your Internet connection.

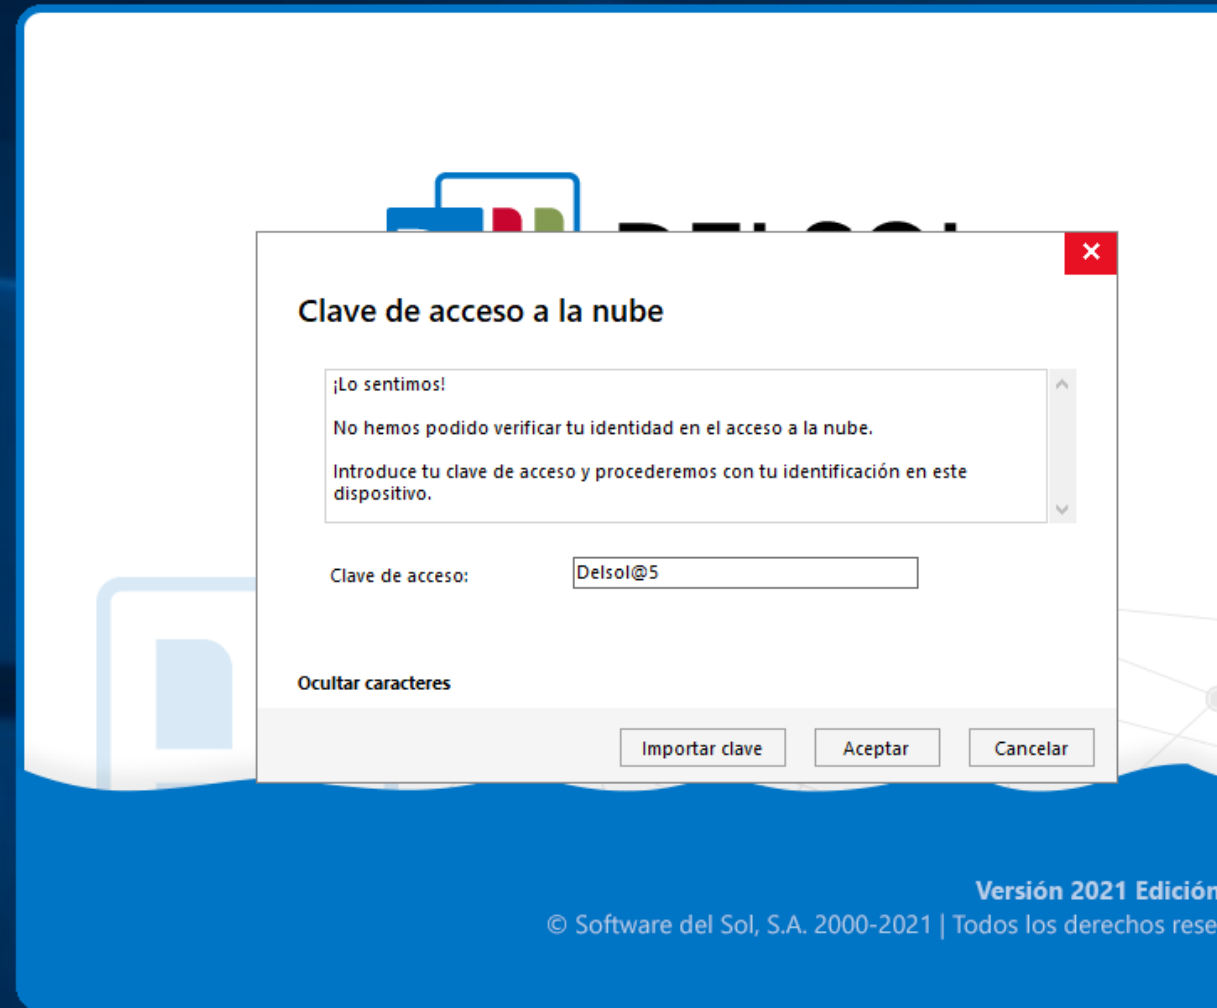

Your session is being prepared. The session should be available in less than 01:48

Cloud access key

After waiting, "DELSOL" will start automatically, and a new window will open.

Here, the application will ask you for the "cloud access key", which is configured as "*Delsol@5*".

This password will be requested every time you start "DELSOL", since there is no option to "remember password".

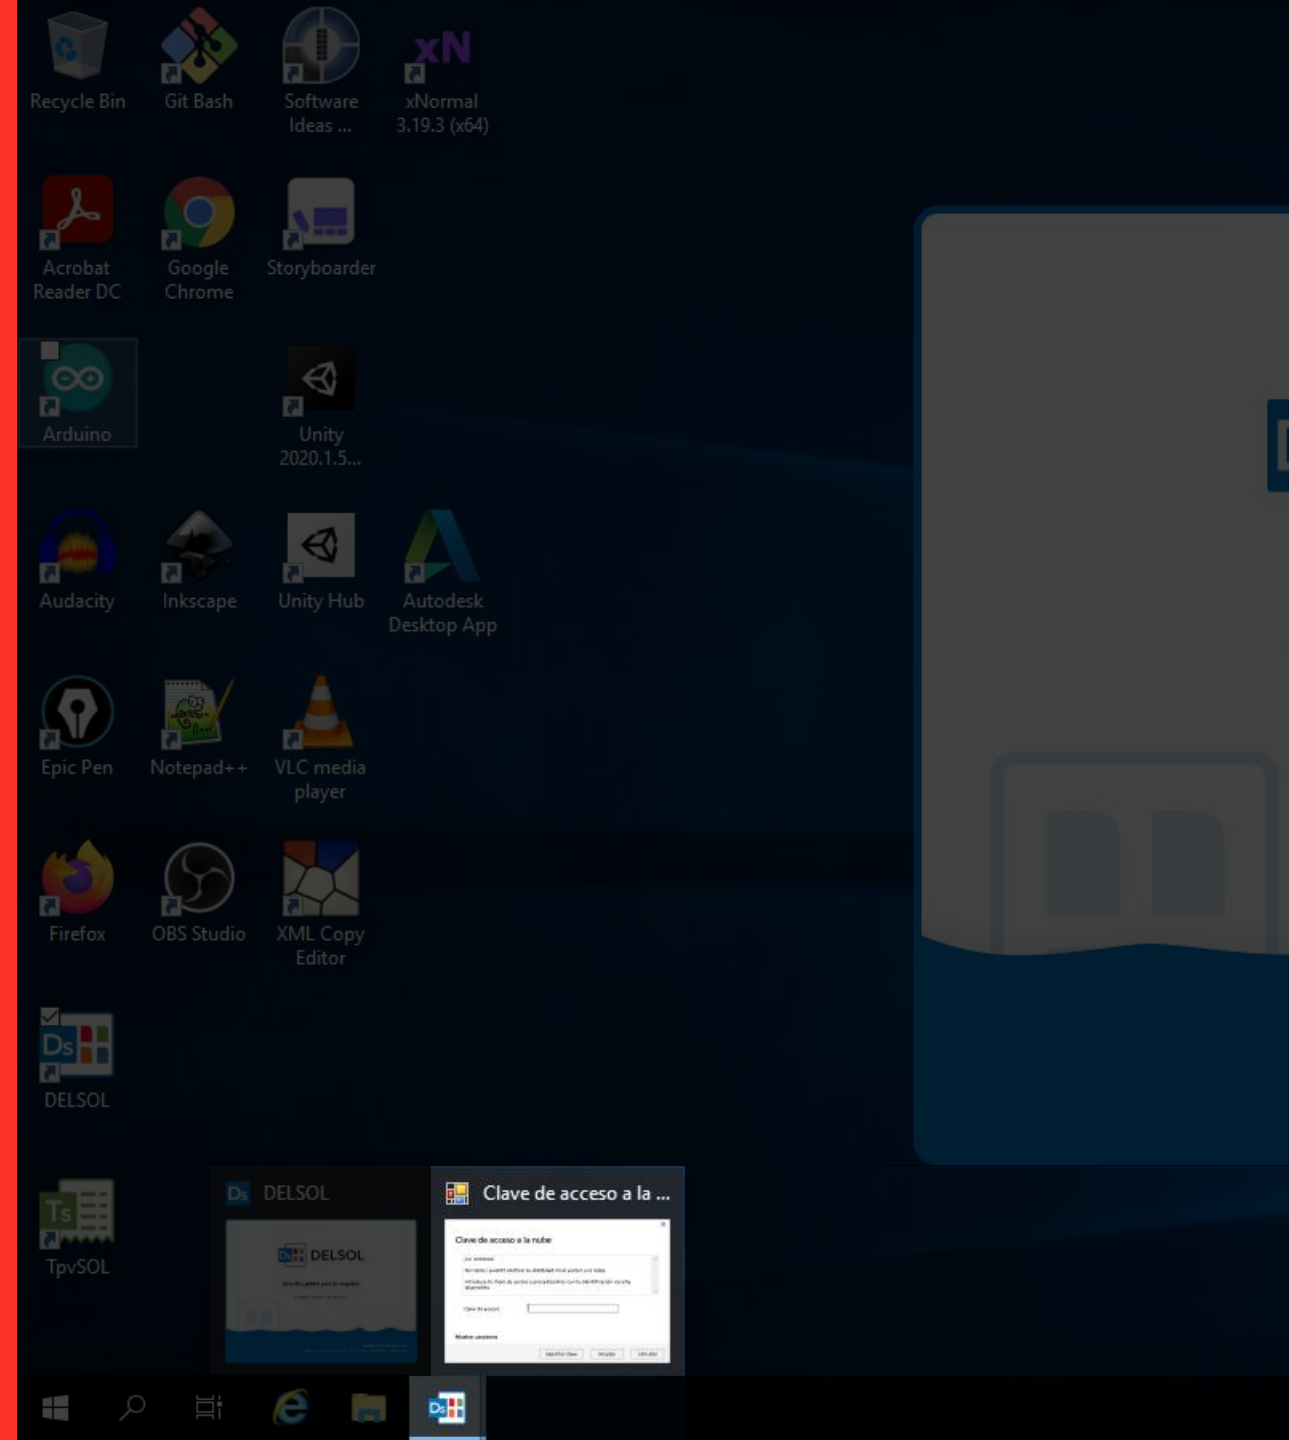

Confirmation window

When you have entered the password, you will notice that “DELSOL” will display an endless loading screen, and will not finish starting.

This problem occurs because the application does not automatically launch the window to confirm the "cloud access key".

Therefore, you have to open it manually.

In the image you can see where this window is located. Specifically, it is located on the task bar, on the icon corresponding to "DELSOL".

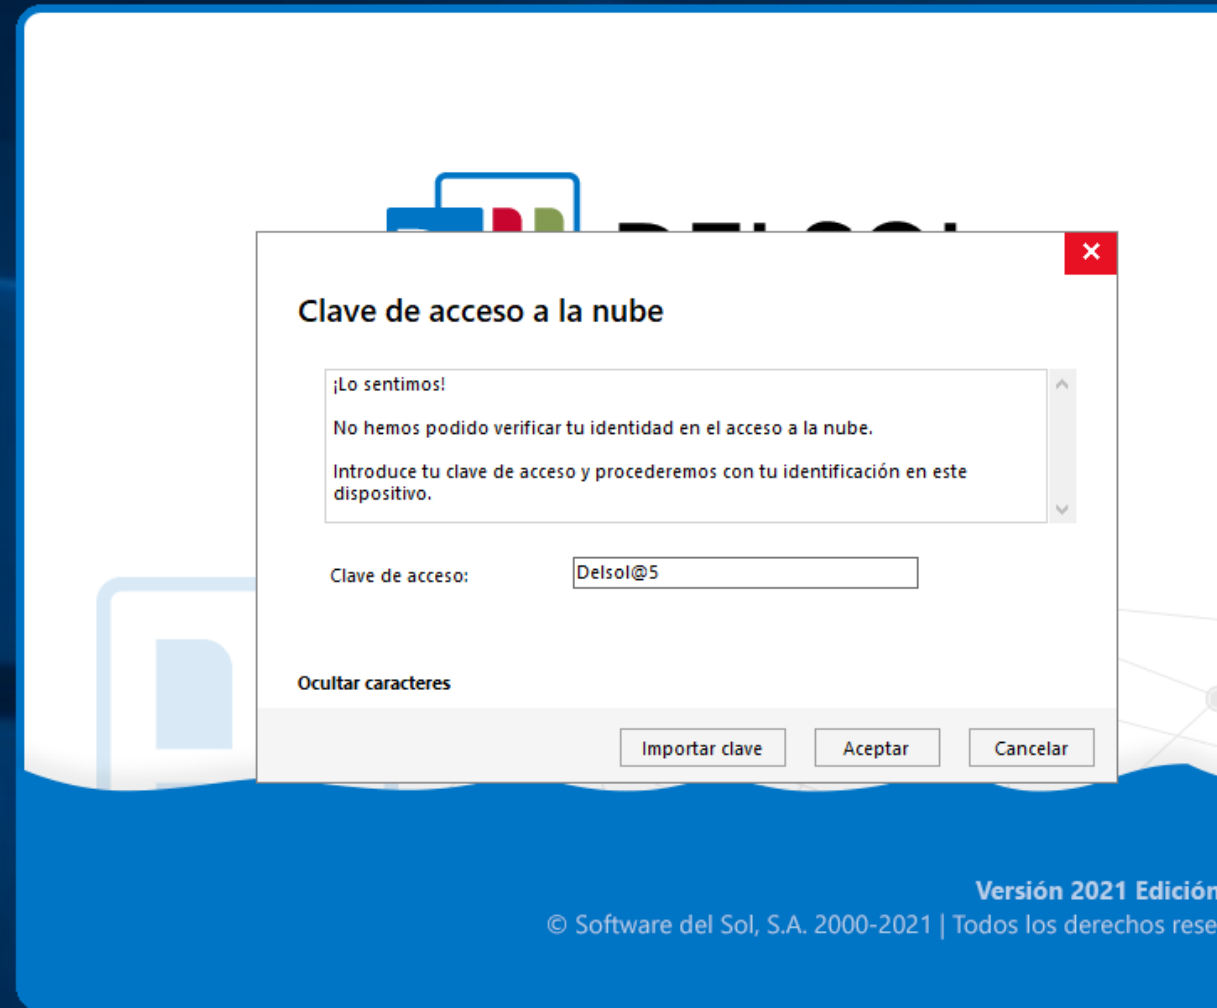

Confirmation code

You will then see the same login interface that you saw earlier.

Here, you will have to put the same password again, that is:
"Delsol@5".

In short, you will always have to enter the same password twice,
as a security method.

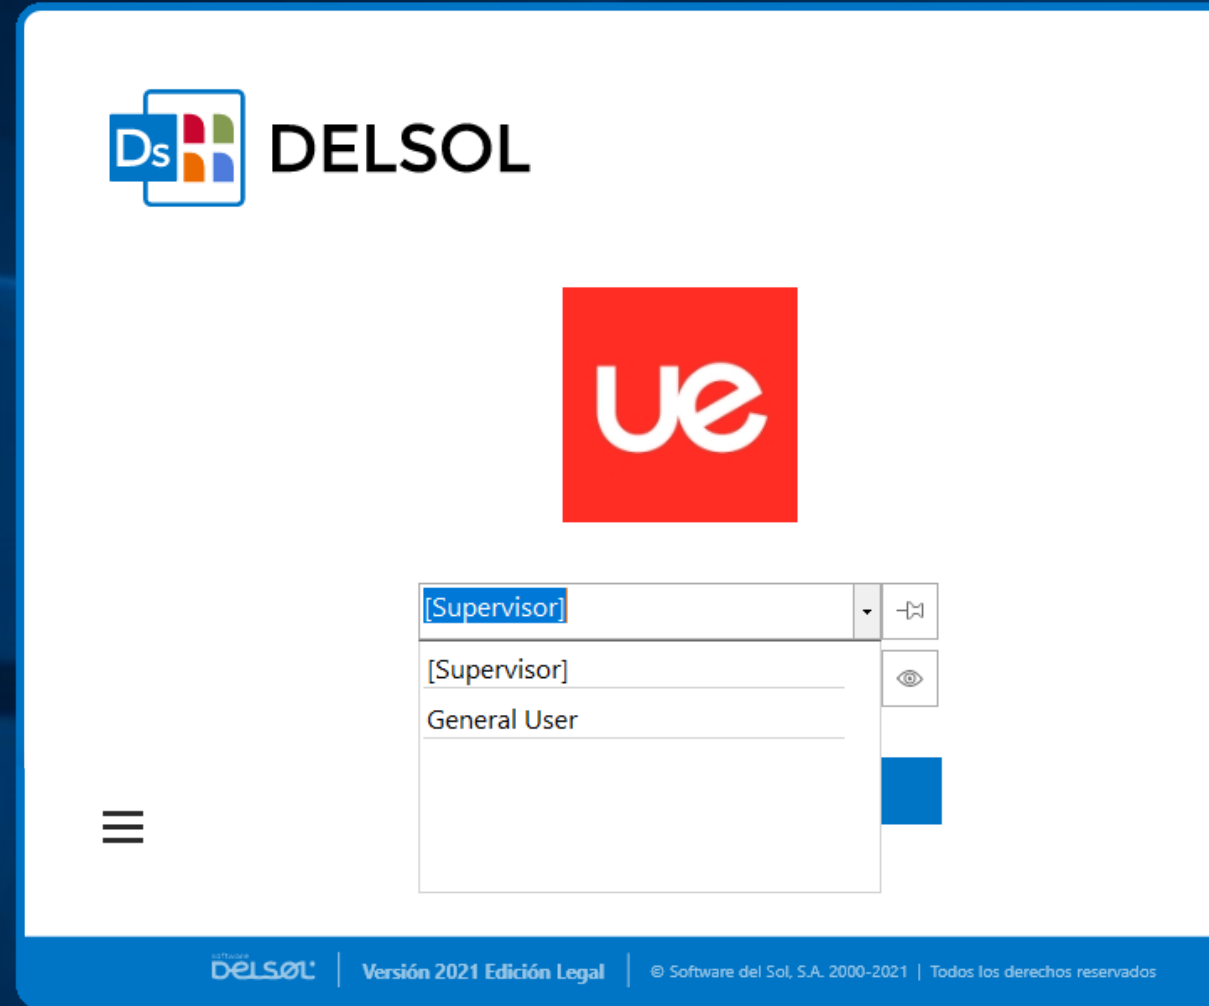

User List

At this point, "DELSOL" will have loaded the list of available users.

In order for you to view them, you will need to open the drop-down.

Specifically, there are 2:

- *Supervisor (administrator)*
- *General User (teachers / students)*

General User Selection

In order to use the application, you will have to select the user named “General User”, and log in.

This user does not require a password.

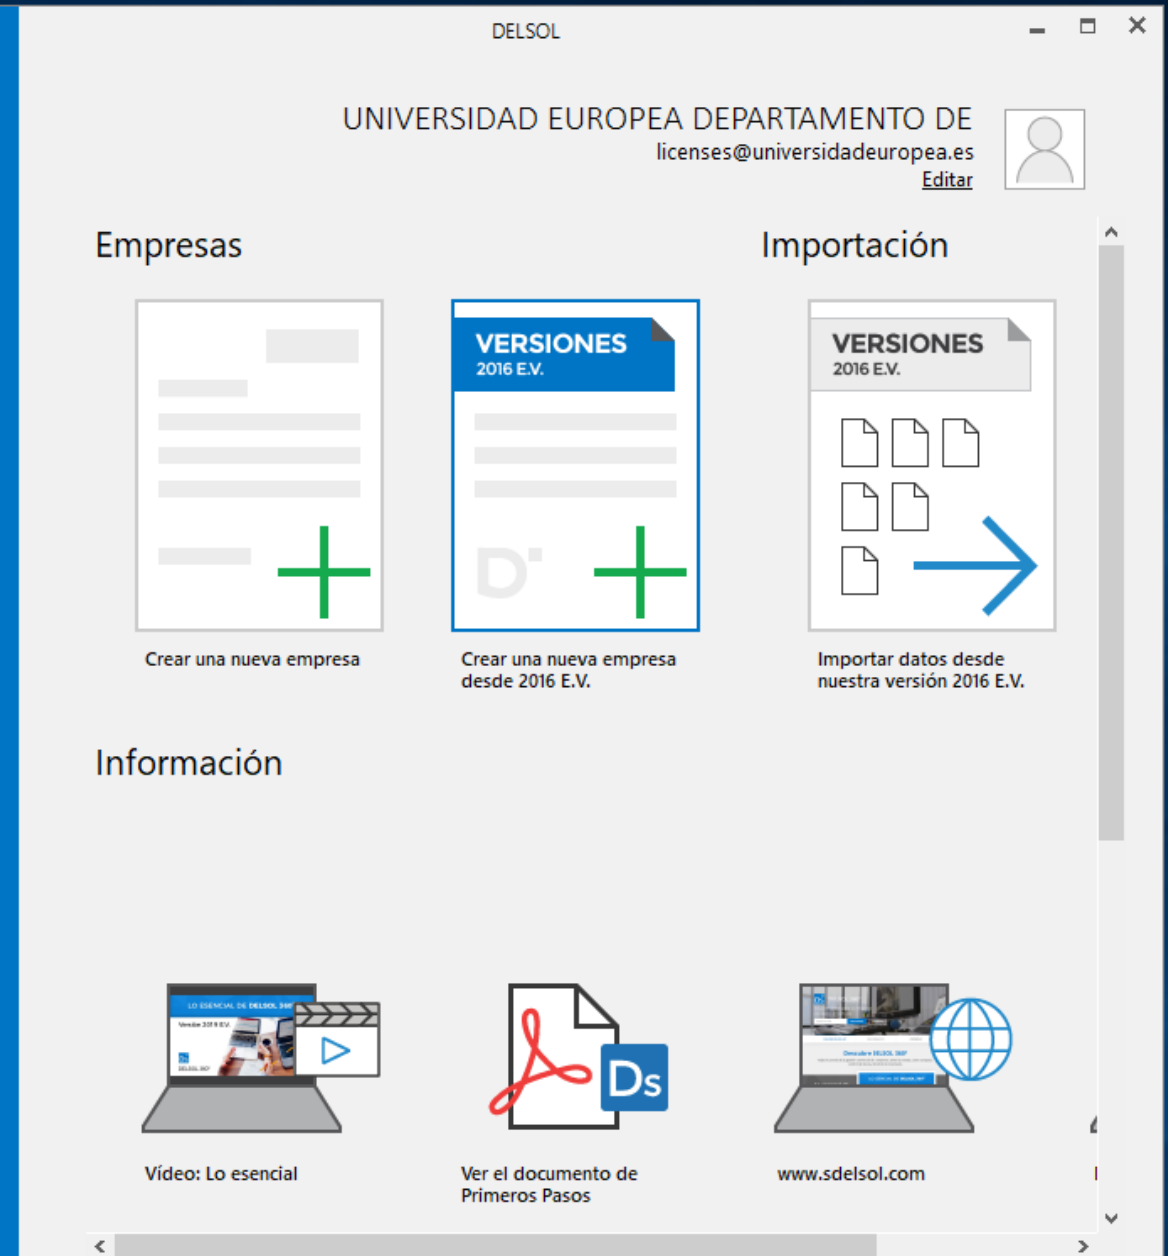

The screenshot displays the login page for the DELSOL application. At the top left, the DELSOL logo is visible, consisting of a blue square with 'Ds' and a colorful grid, followed by the text 'DELSOL'. Below the logo is a red square containing the white text 'ue'. The login form includes a dropdown menu with 'General User' selected, a password field with 'Sin contraseña' and an eye icon, and a blue 'Iniciar sesión' button. A hamburger menu icon is located in the bottom left corner. The footer contains the DELSOL logo, 'Versión 2021 Edición Legal', and copyright information: '© Software del Sol, S.A. 2000-2021 | Todos los derechos reservados'.

DELSOL started

Finally, when you get to this last step, you have successfully started "DELSOL".

Congratulations!
